General Terms & Conditions

We will supply you with telecommunications services ("Services") on the terms and conditions set out below. Words not defined in these terms and conditions have the same meaning as in the Telecommunications Act 1997.

1. Our Contract with You

- 1.1. As a customer of ours, these terms and conditions form the basis of our contract with you.
- 1.2. Our contract with you also includes your application/order form(s) or voice recording which you complete and provide to us. We may accept and rely on a facsimile, email or scan copy of the application or order form as if it was an original. You will be bound by a facsimile, email or scan copy of the application or order form as if it was an original.
- 1.3. Our contract with you also includes our currently applicable price list. The price list may change from time to time, but we will notify you of any changes when they happen. Copies of the price list are available from us, upon request.

2. Service Description

- 2.1. Services will be supplied to you through the carriers or networks ("Carriers") that we nominate in writing from time to time. You agree that we -
 - 2.1.1. May need to change carriers to continue to deliver service(s) to you. We will notify you such change, including who the new carrier will be in writing, prior to any change being initiated.
 - 2.1.2. Have your express authorisation to notify any relevant Carrier in respect of and to effect any such change.
- 2.2. We do not warrant that we will be able to supply Services and we are not liable for any failure to provide all or part of any of the Services, but, to the extent and to the standard that Carriers provide Services to us, those Services will be provided by us to you. When your connection is disrupted, we will do our best to reinstate our Services to you as soon as we can.
- 2.3. When using the Services, you agree to –
 - 2.3.1. Comply with all statutes, regulations, by-laws or licence conditions of any government body; and

 - 3.1.3. To pay accounts for all of those charges (including taxes) by the date specified in the account ("Due Date").
- 3.2. If you dispute in good faith an amount in the account, you must notify us in writing within seven days setting out reasons for the dispute and the amount in dispute. Notwithstanding any dispute as to any amount of any charge, you must pay the whole amount of each account by the Due Date.
- 3.3. If you do not pay your account by the Due Date, then we may charge a late payment fee of onto your invoice and suspend all or part of your Services pending payment of outstanding amounts on the account. Nothing in this clause affects our rights to terminate this agreement under clause 8.
- 3.4. If you do not pay the account by the Due Date, we also reserve the right (at our discretion) to adjust the prices you pay for the Services.
- 3.5. If you direct us to transfer any of the Services to another supplier, you will pay to us on receipt of an account under our normal payment terms –

Complaint Handling Policy

1. Introduction

We are committed to providing our customers with the best products and service. This policy details how we handle customer complaints in relation to our products and services. We will demonstrate fairness, courtesy, objectivity and efficiency in dealing with complaints.

This complaint handling process has been designed to comply with the Telecommunications Consumer Protections Code (TCP Code). Implementation, operation and compliance of this process with the TCP Code is the responsibility of our Chief Executive Officer.

2. Your legal rights

Nothing in this policy limits or detracts from your rights under the Standard Terms and Conditions, the Telecommunications Act, the Competition and Consumer Act or any other laws.

You do not have to follow the complaint handling procedures in this Statement; you can choose to take independent action to enforce your rights. However we believe that our complaint handling procedures will provide a quick and effective resolution of your concerns and difficulties.

3. How we will handle complaints

Our complaint handling policy aims to provide an efficient, fair and accessible mechanism for customer complaints.

Our Customer Service team will be your single point of contact; whether you wish to register a complaint about technical difficulties, billing issues, or Our Authorised dealers and staff.

Our objective is to resolve the vast majority of enquiries and complaints during the customer's first call. Our Customer Service Representatives have the training and authority to deal with most of the problems or enquiries. It may not always be possible to resolve a complaint on the first call, for example, because call records have to be reviewed or enquiries made with our staff.

Our objective is that complaints that cannot be resolved during the first call will be resolved within the timeframes agreed with the customer.

To provide a check on the handling of complaints our supervisors will:

- Randomly check records of complaints received by the Customer Service Representatives to ensure that a satisfactory solution been reached.
- Call back a cross section of customers to discuss the handling of the complaint by us, with a view to understanding how we can do better; and
- Review all complaints which have not been resolved within our timeframes, and determine what action is needed to resolve those complaints quickly.
- Identify systemic issues and implement ways of improving our processes and the training of staff.

4. How to appeal to senior personnel

If you are not satisfied with the way in which the Customer Service Representative has handled your complaint, you can request to be transferred to a supervisor. Where you have raised a matter with a supervisor, he or she will aim to resolve the complaint as soon as possible and within timeframes agreed with you. The supervisor will deal with you personally and not pass messages through other staff.

5. Lodging complaints

You can lodge a complaint with us by Post, or by using the contact phone number or email address on your most recent invoice.

Customer Care
P.O. BOX 554
MOUNT WAVERLEY VIC 3149

A verbal or written acknowledgement will be made within 2 working days after receiving your complaint with a unique reference number and a time frame for investigating your complaint and when you can expect your complaint to be resolved.

We will endeavour to resolve all complaints within 5 working days of the complaint being received. If we are unable to meet this timeframe we will advise you prior to this the reason for the delay and the proposed timeframe for resolution.

You can request your complaint to be looked at urgently. We will endeavour to resolve all urgent complaints within 2 working days of the complaint being received. If we are unable to meet this timeframe we will advise you prior to this the reason for the delay and the proposed timeframe for resolution.

6. Monitoring the progress of your complaint

You will be provided with a reference number for your complaint, which you can use to track the progress of your complaint. You can monitor the progress of your complaint by calling our Customer Service Team.

7. Proposed Resolution

If we propose a solution to your complaint, we will ask if you are satisfied with the proposed solution. A proposed solution must be accepted by you before we are required to implement it.

8. Taking appeals to external organisations

We believe that our internal appeal process will provide the quickest and most effective way to resolve complaints. If you are not satisfied with our review of your complaint, or with the way in which we have handled the complaint, you can ask the Telecommunications Industry Ombudsman (TIO) to assist.

You can refer a complaint to the TIO at any time. You do not have to go all the way through our review process before complaining to the TIO. You should note, however, that the TIO service is intended as a last resort for telecommunications subscribers with complaints and the position of the TIO is that you should raise a complaint with Us before approaching them.

The intention of the scheme is that we try to settle the issue before it is taken to the TIO. If you believe that any complaint raises wider telecommunications policy issues or is outside the jurisdiction of the TIO then you may wish to raise it with the ACMA.

To lodge a complaint with the TIO you can call on 1800 062 058 or write to:

Customer Service Guarantee

We are committed to achieving customer service excellence. We comply with the legislated requirements outlined in the Telecommunications (Customer Service Guarantee) Standard 2000 ("The CSG Standard") and issued by the Australian Communications and Media Authority (ACMA).

The CSG Standard specifies certain requirements to which service providers such as us, and our suppliers must adhere in relation to the provision and repair of Standard Telephone Services and appointments related to these activities.

1. What types of services are covered by the CSG standard?

The CSG Standard applies to all telephone companies offering fixed line services and covers the Standard Telephone Service (STS), provided by Telstra (known as PSTN) and five specified Enhanced Call Handling Features.

These features are:

- Call Waiting – enabling a customer to receive a second call on a telephone service while engaged on a call;
- Call Forwarding – causing a call directed to a number to be redirected to a stored number;
- Call Barring/Control – enabling a customer to control access to some, or all, network numbers before a call is established (this does not include network barring arrangements);
- Calling Number Display – enabling a customer to identify the number of a calling party; and
- Calling Number Display Blocking – enabling a customer to prevent the display of his or her number to a called party.

The CSG Standard applies to Residential and Small Business Customers with no more than five Standard Telephone Services. A customer does not include a carrier or a carriage service provider.

The CSG Standard covers:

- connections and fault repairs of Standard Telephone Services and the five specified Enhanced Call Handling Features; and
- Appointments related to these activities.

For connections, Standard Telephone Services are eligible regardless of what type of associated service is connected at the end of the service (e.g. internet or fax).

However, for repairs, only voice telephony faults are covered. This means that non-voice faults such as internet access or fax faults are not covered by the CSG Standard.

2. What types of services are not covered by the CSG Standard?

The CSG Standard does not apply to data products, customer premises equipment, customer cabling, payphones, sophisticated business-oriented services, corporate virtual private networks, satellite services and mobile services. It also does not apply to activities past the network boundary point (NBP), including but not limited to, beyond the first telephone socket, the network termination device (NTD) or the main distribution frame (MDF) where applicable.

3. When does the CSG Standard not apply?

The CSG Standard does not apply in certain circumstances, including the following:

- When we, or our supplier, are required to undertake maintenance or upgrading of a facility or network that is used to supply any given service and we have given reasonable notice;
- Where delays are due to circumstances outside our or our supplier's control such as: damages to our or our supplier's facilities by a third party; natural disasters or extreme weather conditions (e.g. bushfire, flood, cyclones etc.), or

- Where delays are caused by us or our supplier needing to move staff or equipment to an area affected by circumstances beyond the control of us or our supplier, or
- Where we, or our supplier, are unable to obtain lawful access to land or a facility and where we, or our supplier, is required to comply with any law of the Commonwealth, State, Territory or Local Government;
- Where a missed appointment occurs over a period of connection or repair delay for which a CSG liability already applies;
- Where you are connected by another carriage service provider to a Standard Telephone Service and request we supply that service, the CSG Standard does not apply in respect of the connection timeframe;
- Where you have agreed to waive your right to CSG eligibility under the CSG Standard;
- Where Enhanced Call Handling Features are not available due to existing network limitations;
- Where you are able to activate the Enhanced Call Handling Features from your telephone handset or customer equipment;
- Where you request connection of your telephone service and we have reasonable grounds for believing that you would be unable or unwilling to pay the charges for connection or use of the service, or
- If you were disconnected for non-payment of a charge and we have not reached agreement for the payment of that charge;
- If you withhold agreement to an appointment offered by us or our supplier;
- If you fail to keep an appointment with us or our supplier

4. The guaranteed connection time frames as set out in the CSG Standard.

We aim to connect your Standard Telephone Service and specified Enhanced Call Handling Features within time frames consistent with the CSG Standard. These time frames are based on the service location and the availability of telecommunications infrastructure and spare capacity we, or our supplier, can use to connect your service (see table below). Infrastructure refers to systems and facilities used in the provision of telecommunications services. It includes: radio distribution systems, network cables and lead-in cables to the customer premises.

Wherein we envisage a delay in supplying you with a Standard Telephone Service, we will notify you in writing of the reason for the delay and the expected time frame for completion of any infrastructure upgrade. We will also offer an alternative service arrangement such as a call diversion to a mobile or fixed telephone service.

You may be entitled to a CSG payment for every working day of delay beyond an agreed connection date. Please refer to “How much do we pay?” for more details.

We will apply the “guaranteed maximum connection periods “as set out below;

Service location	In-place connection	New connection with infrastructure and spare capacity	New connection without infrastructure or spare capacity
Urban	Within 2 working days after request	Within 5 working days after request	Within 20 working days (equivalent to 1 month) after request
Major Rural	Within 2 working days after request	Within 10 working days after request	Within 20 working days (equivalent to 1 month) after request
Minor Rural	Within 2 working days after request	Within 15 working days after request	Within 20 working days (equivalent to 1 month) after request
Remote	Within 2 working days after request	Within 15 working days after request	Within 20 working days (equivalent to 1 month) after request

Please Note: An in-place connection is a connection of a Standard Telephone Service at a site where a previous working service has been cancelled by the previous account holder and is available for automatic reconnection or reactivation without the need for the service provider to do any other connection work at the customer premises, the local telephone exchange, or any places in between.

5. Customer Service Locations (definitions)

The various demographic categories as outlined under the CSG Standard are:

Service location category	Demographic size
Urban	Township/community grouping of 10,000 people or more
Major Rural	Township/community grouping of more than 2,500 people but less than 10,000 people
Minor Rural	Township/community grouping of 201 people or more but not more than 2,500 people within a standard zone
Remote	Township/community grouping of less than 200 people or township/community grouping located outside a standard zone

6. The guaranteed maximum fault repair periods specified by the CSG Standard.

We aim to repair faults or service difficulties on your Standard Telephone Service and specified Enhanced Call Handling Features within time frames consistent with the CSG Standard. Please note that the CSG Standard does not cover non-voice faults or service difficulties such as modem and fax dropouts.

We will repair faults and service difficulties within specified time periods based on the service location (see table). Where we envisage a delay in repairing your Standard Telephone Service, we will notify you in writing of the reason for the delay and the expected time frame for completion of any infrastructure upgrade. We will also offer an alternative service arrangement such as a call diversion to a mobile or fixed telephone service.

You may be entitled to a CSG payment for every working day of delay beyond an agreed repair date. Please refer to "How much do we pay?" For more details.

We will apply the "guaranteed maximum fault repair periods" as set out below.

Service location	Time for repair
Urban	End of one full working day after report
Major Rural	End of two full working days after report
Minor Rural	End of two full working days after report
Remote	End of three full working days after report

Please Note: The time for repair relating to "end of one full working day after report" applies to all service locations where the fault occurs due to an administrative error by the telephone company, or if the fault can be rectified without the telephone company attending customer premises or undertaking internal or external plant work.

7. Appointments

We aim to keep agreed appointments in relation to connection and repair of your Standard Telephone Service and specified Enhanced Call Handling Features.

If we or our Carriers fail to keep an agreed appointment, you may be entitled to receive a CSG payment for a missed appointment. A new appointment may have to be arranged.

If an appointment time or location is changed either by you or by us or our supplier with reasonable notice of at least 24 hours, or by agreement, you are not entitled to receive a CSG payment.

For appointments, the CSG Standard allows the following grace periods as shown:

Service location	Appointment period	Grace period
All Locations	Less than or equal to 4 hours	15 minutes
Urban and Major Rural	Greater than 4 hours and less than or equal to 5 hours	None

Minor Rural and Remote	Greater than 4 hours and less than or equal to 5 hours	45 minutes
------------------------	--	------------

Please Note: The grace period is extended to 45 minutes, where there is a need to travel a long distance, such as in the case of Minor Rural and Remote locations.

8. Notifying Us

When requesting a connection or reporting a fault, customers are required to contact us by 5pm on a working day for the specified connection and fault time frames to apply from that day. Customer requests received after this time will be taken to have been received the following working day. A working day is a day that is not a Saturday, a Sunday or a public holiday in the customer service area.

9. How much do we pay?

There is no need for you to contact us to lodge a claim for CSG. If we fail to meet our obligations under the CSG Standard we will credit your account, no later than 16 weeks after your Standard Telephone Service is connected or the fault is repaired. You may request a refund from any credit balance that may appear on an invoice following our payment of the CSG.

For connection, repair and appointment liability incurred on or after 31 October 2006, we are liable to make a CSG payment to you in accordance with the CSG Standard in the following circumstances:

- If we fail to connect or repair your service within the specified time period or on an agreed date, you may be entitled to receive a CSG payment of \$14.52 (for residential/charity customers) or \$24.20 (for business customers), for each working day that we miss, for the first five working days of delay. After the initial five working days of delay, you may be entitled to receive a CSG payment of \$48.40 (for all customer types) per additional working day of delay.
- If only one Enhanced Call Handling Feature is not connected or repaired within the specified time period or on an agreed date, you may be entitled to receive a CSG payment of \$7.26 (for residential/charity customers) or \$12.10 (for business customers) for each working day of delay. After the initial five working days of delay, you may be entitled to receive a CSG payment of \$24.20 (for all customer types) for each additional working day of delay.
- If two or more Enhanced Call Handling Features are not connected or repaired within the specified time period or on an agreed date, you may receive a CSG payment of \$14.52 (for residential/charity customers) or \$24.20 (for business customers), for each working day of delay. After the initial five working days of delay, you may be entitled to receive a CSG payment of \$48.40 (for all customer types) for each additional working day of delay.
- If an appointment is missed on a day that is not a day in relation to which you are entitled to receive a CSG payment in accordance with any of the above circumstances, you may be entitled to receive a CSG payment of \$14.52 (for residential/charity customers) or \$24.20 (for business customers), for each missed appointment.
- The maximum CSG amount payable under the CSG Standard is \$25,000.
- The Goods and Services Tax (GST) introduced on 1 July 2000 does not apply to CSG payments.

Financial Hardship Policy

1. Financial hardship

Financial hardship involves a situation where an individual person (not businesses) is unable, for reasons such as illness, unemployment or another reasonable cause, to meet their financial obligations to us, however they reasonably expect to be able to do so with an adjustment to their payment and / or service arrangements. If you wish to claim financial hardship and adjust your payment / service arrangements, please contact us. There are no charges associated with this service. Each situation will be assessed on a case by case basis.

2. Our financial hardship policy

The purpose of this policy is to ensure that if we have customers who are experiencing financial hardship, we can work with them to pay their account over time whilst maintaining ongoing access for them to some telecommunications services.

3. Definition

Financial hardship involves a situation where an individual person (not businesses) is unable, reasonably, to meet their financial obligations to us under their contract. However, they expect to be able to do so if their payment and / or service arrangements are changed. Financial hardship can take place over a limited timeframe or be long-term.

It can result from a number of factors including:

- loss of employment, either for that person or a family member
- family breakdown
- illness, including physical incapacity, hospitalisation, or mental illness, either for that person or a family member
- a death in the family
- Unexpected or increased family commitments, due to circumstances such as the above.

You can claim financial hardship if you think you can reasonably expect to be able to meet your financial and contractual obligations to us by changing your payment / service arrangements. If you are experiencing payment difficulties from time to time, that is not a situation that qualifies as financial hardship and therefore for assistance under this policy. See our exclusions below.

Our policy aims to be flexible enough to accommodate the circumstances of each individual customer. If you wish to claim financial hardship and adjust your payment / service arrangements, please contact us.

4. Information that is available

We can provide you with a summary of this policy either in writing or over the telephone if:

- you ask for it
- you indicate to us that you are in financial hardship, and/or
- we consider that you may be eligible
- All our reminder notices include information about this policy.

5. Training

The staff responsible for discussing financial hardship payment arrangements with you are fully trained in this policy.

6. Assessment and evidence of financial hardship

On request, we'll assess your eligibility for assistance under our financial hardship policy. As part of this, we'll take into account your individual circumstances. As part of that assessment, we may request supporting documentation from you.

We'll only ask for this if:

- it appears that the financial arrangements will need to be long term

- we consider the amount that needs to be re-paid is large or significant
- you have not been our customer for very long
- we are concerned that there is fraud involved

We consider the following to be evidence of financial hardship:

- evidence of an unforeseen change in your circumstances
- in some cases, evidence that you have met with and/or are accompanied by a recognised financial counsellor
- Documented evidence, such as a statutory declaration from a person familiar with your circumstances (family doctor, priest, bank officer etc). This information must meet the criteria of the Privacy Act 1988 in terms of how it has been collected and is used and retained

7. Assistance from financial counsellors

In some cases, where we believe you are experiencing genuine and long-term financial hardship, we may ask you to seek assistance from a financial counsellor to discuss your financial situation. We believe some customers may benefit from the experience of a financial counsellor. The reasons why we may request that you seek their advice and assistance can include:

- it is apparent that your financial situation is genuine, serious and permanent and you need expert financial advice and counselling
- it appears that you are paying us at the expense of other bills, and that you may need financial advice and counselling to ensure your bills are paid in the correct order of priority in order for you to maintain a reasonable standard of living. For example, it may be appropriate for you to work with the financial counsellor to decide the priority of the bills that need to be paid, and
- we cannot agree a reasonable payment arrangement (ie the suggested payments and the length of time to meet your financial obligations) without a financial counsellor's assistance and advice.
 - Note: We won't ask you to seek the advice of a financial counsellor in all the circumstances where a payment arrangement is being discussed, only where the conditions detailed above are involved.

8. Establishment of financial hardship

Once it has been established that you meet our financial hardship criteria, we'll agree a suitable arrangement between you, your financial counsellor (if you have one) and our Credit team. You will be asked to keep to this payment arrangement.

Conditions

- you are an individual residential customer
- the financial hardship process will be reasonable to both you and us
- we want to maintain our relationship with you
- we'll take into account your individual circumstances
- we'll look to identify appropriate products or services for you that will enable you to retain a level of access and still manage your future communications spending.

The basic principle of any agreed financial arrangement is that the repayment should be sufficient to cover your expected future use of the service, as well as continuing to reduce your debt.

Your obligations

- you acknowledge the debt and your obligation to repay the debt
- you'll provide us with enough information for both parties to decide what constitutes a reasonable payment arrangement
- you accept responsibility for reducing your phone usage to a level that you are able to pay and you are prepared to take up relevant call barring options to achieve this
- you accept the restricted level of access that we negotiate with you
- you'll make repayments to us as agreed under the financial hardship arrangement.
- if you experience any further financial difficulty, you'll tell us immediately and we'll review your situation.

Our responsibilities

- we'll ensure that none of your outstanding debt is in dispute
- we'll confirm that you are the person who is legally liable to pay the debt
- we'll not take credit management action whilst financial hardship arrangements are being discussed
- if limiting access to services forms part of our agreement with you, we'll ensure access is limited as agreed and that the limitations are explained
- the arrangements will be ones that you can meet
- we'll look at waiving our disconnection and late payment fees
- we'll monitor your compliance with the financial hardship arrangement
- we'll not change the terms of the arrangement if you are meeting those terms
- we'll clearly explain the terms of the payment arrangement to you
- we'll ask you to contact us if your situation changes during the term of the arrangement.
- we'll be willing and able to review the terms of the financial hardship arrangement if you tell us that your circumstances have changed
- we'll make sure you are fully informed of your rights and obligations under the arrangement

We won't undertake credit management action including listing of your debt with an external credit reporting agency whilst a financial hardship arrangement is being actively discussed with us or during the course of the financial hardship arrangement unless:

- you breach the terms of the arrangement
- credit management action appears to be reasonable in the circumstances or
- you agree
- if you don't stick to the terms of the arrangement and don't notify us to re-negotiate, we'll take reasonable steps to contact you or your financial counsellor (if applicable) before taking further credit management action
- if we can't make contact, we'll resume normal credit management action, including restriction or suspension of the service or termination of the contract. This action will be in accordance with our credit management policies and the credit management code
- only our recoveries department or a credit manager can action financial hardship matters.
- Payment arrangements for the settlement of all due balances must be made within a timeframe of 12 months
- if your payment request, after negotiation, remains at greater than 12 months, then you may be referred to an external credit reporting agency and your "statement of means" forwarded to the relevant agent
- Documentation supporting your position must be on the official letterhead of the organisation assisting you with your claim.

Exclusions

- Financial hardship does not apply to:
 - Customers who wish to negotiate time to pay their bill within a short period of time, usually 3 months
 - People who are bankrupt.

5. Codes of Practice

The Internet Industry Codes of Practice registered with the Australian Communications and Media Authority ("ACMA") set out how internet service providers, such as us, and email service providers must address the sources of Spam within their own networks. They also requires internet service providers and email service providers to give end-users information about how to deal with Spam, and informed choice about their filtering options.

6. Suspension or Termination

This Policy prohibits you from using your Internet Service to send Spam. If you breach this prohibition, we may suspend or terminate your Internet Service. The circumstances in which we may do so are set out in section 11 below

Information on the availability of anti-Spam software for end-users is available at the Internet Industry Association (IIA) website.
- report any Spam you receive to us or to the ACMA (see "Complaints" below); and
- visit [the ACMA website] or ['Fight SPAM on the Internet' website] for more information on ways to reduce the volume of Spam you receive, including how to:

8. Your Spam Obligations

You agree that you will use your Internet Service in compliance with the Spam Act 2003 and will not engage in practices which would result in a breach of the Act. In particular, you agree that you will not use, attempt to use or allow your Internet Service to be used to:

- send, allow to be sent, or assist in the sending of Spam;
- use or distribute any software designed to harvest email addresses;
- host any device or service that allows email to be sent between third parties not under your authority or control; or
- Otherwise breach the Spam Act 2003 or the Spam Regulations 2004 of the Commonwealth, (your "Spam Obligations").

We may scan any IP address ranges allocated to you for your use with your Internet Service in order to detect the presence of open or otherwise misconfigured mail and proxy servers. If we detect open or misconfigured mail or proxy servers we may suspend or terminate your Internet Service.

9. Excessive Use

You must use your Internet Service in accordance with any download or capacity limits stated in the specific plan that you subscribe to for the use of that Service. We may limit, suspend or terminate your Internet Service if you unreasonably exceed such limits or excessively use the capacity or resources of our Network in a manner which may hinder or prevent us from providing services to other customers or which may pose a threat to the integrity of our Network or systems.

10. Security

You are responsible for maintaining the security of your Internet Service, including protection of account details, passwords and protection against unauthorized usage of your Service by a third party. We recommend that you take appropriate security measures such as installation of a firewall and use up to date anti-virus software. You are responsible for all charges incurred by other persons who you allow to use your Internet Service, including anyone to whom you have disclosed your password and account details.

11. Copyright

It is your responsibility to ensure that you do not infringe the intellectual property rights of any person in relation to any material that you access or download from the Internet and copy, store, send or distribute using your Internet Service.

You must not use your Internet Service to copy, adapt, reproduce, distribute or otherwise make available to other persons any content or material (including but not limited to music files in any format) which is subject to copyright or do any other acts in relation to such copyright material which would infringe the exclusive rights of the copyright owner under the Copyright Act 1968 (CT) or any other applicable laws.

You acknowledge and agree that we have the right to immediately cease hosting and to remove from our Network or systems any content upon receiving a complaint or allegation that the material infringes copyright or any other intellectual property rights of any person.

12. Content

You are responsible for determining the content and information you choose to access on the Internet when using your Internet Service.

It is your responsibility to take all steps you consider necessary (including the use of filtering programs) to prevent access to offensive or obscene content on the Internet by children or minors who you allow to use your Internet Service. You may obtain further information on content filtering products at the Internet Industry Association (IIA) website.

You must not use or attempt to use your Internet Service to make inappropriate contact with children or minors who are not otherwise know to you.

You are responsible for any content you store, send or distribute on or via our Network and systems including, but not limited to, content you place or post on web pages, email, chat or discussion forums, bulletin boards, instant messaging, SMS and Usenet news. You must not use such services to send or distribute any content which is prohibited, deemed obscene or offensive or otherwise unlawful under any applicable Commonwealth, State or Territory law, including to send or distribute classes of restricted content to children or minors if that is prohibited or an offence under such laws.

Your failure to comply with these requirements may lead to immediate suspension or termination of your Internet Service without notice. If we have reason to believe you have used your Internet Service to access child pornography or child abuse material, we are required by law to refer the matter to the Australian Federal Police.

13. Regulatory Authorities

You must label or clearly identify any content you generally make available using your Internet Service in accordance with the applicable classification guidelines and National Classification Code (issued pursuant to the Classification (Publications, Films and Computer Games) Act 1995 (CT)) or any industry code which applies to your use or distribution of that content.

Commonwealth legislation allows the ACMA to direct us to remove from our Network and servers any content which is classified, or likely to be classified, as 'prohibited' content. We also co-operate fully with law enforcement and security agencies, including in relation to court orders for the interception or monitoring of our Network and systems. We may take these steps at any time without notice to you.

You must not hinder or prevent us from taking all steps necessary to comply with any direction from ACMA or any other law enforcement or security agency. You acknowledge we reserve the right to limit, suspend or terminate your Internet Service if there are reasonable grounds for suspecting that you are engaging in illegal conduct or where use of your Internet Service is subject to any investigation by law enforcement or regulatory authorities.

14. Complaints about content

If you have a complaint about content accessible using your Internet Service you may contact the ACMA by filling out an online complaint form at acma.gov.au, emailing online@acma.gov.au or faxing your complaint to the ACMA Content Assessment Hotline Manager on (02) 9334 7799. Please note that all complaints to ACMA must be in writing. You may also report a complaint about content via email.

15. Complaints about Spam

All internet and email service providers are required by the Internet Industry Code of Practice to maintain an "abuse@" email address (or other email address as notified by the service provider) to allow end users to report Spam. If you think you have been sent Spam by one of our subscribers, please contact us. If you think you have been sent Spam by a subscriber of another internet or email service provider, you may report it by emailing that service provider at their "abuse@" email address or other email address as notified by the service provider for that purpose.

You can report or make a complaint about Spam you have received by contacting the ACMA by filling out an online complaint form at acma.gov.au or via the ACMA Spam Reporting System Spam Matters.

You may also make complaints to other bodies about Spam where the content is in some other way offensive or contrary to law. For example, you may complain to the ACMA about Spam that contains content you believe is offensive or relates to online gambling.

You can report a Spam message that contains fraudulent or misleading and deceptive content (for example, email scams) to the Australian Competition and Consumer Commission (ACCC) via the ACCC website by phoning 1300 302 502 (business hours, Monday to Friday).

The Australian Securities and Investment Commission (ASIC) also deals with certain complaints about the contents of Spam messages, particularly with regard to fraudulent conduct by Australian businesses. The ASIC website outlines the types of complaints they deal with, and has an online complaint form: www.asic.gov.au (click on 'Complaining About Companies or People').

If you are concerned that your personal information has been misused to send you Spam, the Federal Privacy Commissioner recommends that you complain to the organisation first, especially if you know how to contact it and have had dealings with it in the past about other goods or services. If the matter is not resolved adequately, you can visit the Federal Privacy Commissioner's website for details on how to make a complaint.

16. Suspension or Termination

We reserve the right to suspend your Internet Service if you are in breach of this Policy, provided that we will first take reasonable steps to contact you and give you the opportunity to rectify the breach within a reasonable period. What is reasonable in this context will depend on the severity of the problems being caused by the breach (for

example, if you commit a serious or continuing breach, it may be reasonable to immediately suspend your Internet Service without notice to you).

If we notify you of a breach of your Spam Obligations, we will, at your request and to the extent we are reasonably able, supply you with information as to the nature of open relays and suggested resolutions to assist you to comply with your Spam Obligations.

Our right to suspend your Internet Service applies regardless of whether the breach is committed intentionally, through misconfiguration, or by other means not authorised by you including but not limited to through a Trojan horse or virus.

If your Internet Service is suspended and the grounds upon which it was suspended are not corrected by you within seven days, we may terminate your Internet Service. In the event your Internet Service is terminated, you may apply for a pro rata refund of any pre-paid charges for your Internet Service, but we will have the right to levy a reasonable fee for any costs incurred as a result of the conduct that resulted in the suspension.
